Dear Friend,

Sanctity of Human Life Sunday kicks off January 19th, 2025. In 1984, President Ronald Reagan issued a presidential proclamation designating the third Sunday of January as National Sanctity of Human Life Day. Pastors, churches, and life organizations across the United States use this day to bring awareness to the beauty of life in the womb.

The PRC wholeheartedly believes that while many pregnancies are unexpected, none are unintended. All human beings are created, loved, and intended by God. All things are made possible through Jesus and all life – no matter the circumstance – is precious. God works miracles through the unexpected.

When you and/or your church family or business participate in the Baby Bottle Campaign, you help provide men, women, and children with the support and resources they need to thrive. This is one of the best and easiest ways to help our community to say “yes” to life! The PRC endeavors to carry out this mission by providing each individual accurate, evidence-based information regarding relationships, pregnancy, pregnancy options and fetal development in a caring and confidential space. Free limited obstetrical ultrasounds that provide a window to the womb are also offered.

We encourage our clients to consider adoption and parenting, and we are prepared to support them in their journey through community referrals; parenting education; free maternal; infant and toddler supplies; on-going friendship; and social support. For more information about the PRC's ministry and services, please visit www.athensprc.com and www.prcfriendsonline.com.

The PRC's Baby Bottle Campaign kicks off during Sanctity of Human Life Sunday. **Do you think your church family would fill bottles with spare change to help women, men, and children thrive and say yes to life?** The baby bottle campaign is one of our most important fundraisers, bringing in an average of \$25,000 per year. **Did you know that an average baby bottle, when full of coins, provides \$25 of support?** That's enough to provide 10 women with a free pregnancy test.

I will provide everything you need to make this fundraiser a success. Please give me a call at 740.566.5195, or email admin@athensprc.com to let me know how many bottles I can get ready for your church family!

Thank you, from the bottom of my heart, for your generous support!

P.S. For those who are struggling with a past abortion experience, we would like to offer our After Abortion Support materials to be displayed conspicuously in your restrooms or information tables. **Helping women and men say yes to life is of the utmost importance. In addition, we can also help our church family say yes to reconciliation, restoration, healing and forgiveness.**
